

QUALITY POLICY

Technicut Limited is dedicated to achieving customer satisfaction by excelling in the products & services that we supply and attaining on time delivery of tooling that consistently meets customer requirements.

The company will establish & maintain a management system which will be adopted by every level of the business to;

- Ensure we comply with customer, regulatory & legal requirements
- Actively prevent defects or potential deficiencies,
- Effectively control our manufacturing and service operations, and
- Continually improve our effectiveness & efficiency.

We will establish business goals, objective measures and realistic targets in order to drive improvement which will be consistently monitored and reviewed.
